Terms & Conditions

1. Application

These Terms & Conditions are incorporated into each application by a User to use DUKC system in the Port of Geelong and are entered into by the User for and on behalf of the owner and master of the Vessel.

2. Provision DUKC System

2.1. Ports Victoria will provide the following services to the User in respect of the vessel named on this form (Vessel) the:

- 2.1.1. operation and maintenance of the DUKC system in order to maximise the range of Under Keel Clearance windows for use by the Vessel at the Port of Geelong;
- 2.1.2. operation of the DUKC system, using reasonable endeavours to maintain it in good working order
- 2.1.3. maintenance of the ability for the DUKC system to generate Under Keel Clearance predictions for proposed Vessel movements
- 2.1.4. maintenance of a system that provides a continuous supply of accurate wave and tide data to the DUKC system.

2.2. If due to non-availability of data or invalid data, the DUKC system is unable to run for any reason, transiting vessels will be handled in accordance with the static UKC criteria for the management of under keel clearance.

3. Acknowledgments

The User acknowledges and agrees that:

- 3.1. further information on DUKC system is set out in section 2.16 of the Harbour Master's Direction (Edition 1.1 - December 2025)
- 3.2. for the DUKC system to function properly, it is dependent on the:
 - 3.2.1. performance of third parties under support agreements and licences with Ports Victoria;
 - 3.2.2. continuous supply of relevant wave and tide data; and
 - 3.2.3. DUKC infrastructure being in working condition
- 3.3. in order to use and obtain accurate predictions from the DUKC system:
 - 3.3.1. accurate draughts and hydrostatic data must be supplied to Ports Victoria as soon as the information is available; and
 - 3.3.2. any changes to anticipated condition to be conveyed to Ports Victoria as soon as possible.

4. Limitations

- 4.1. Ports Victoria shall not be under any obligation to provide any component of the DUKC services to the User in circumstances where Ports Victoria is unable to operate the DUKC system, or provide any component of the DUKC services as a result of:
 - 4.1.1. termination or discontinuance of any of the third-party agreements or licences with Ports Victoria
 - 4.1.2. any reasonable DUKC system downtime due to repairs or maintenance work being carried out or any delay following any request for maintenance or repair support being made by Ports Victoria or anyone else;
 - 4.1.3. any failure of or any damage to any component of the DUKC Infrastructure; or
 - 4.1.4. anything beyond the reasonable control of Ports Victoria provided that none of the events are caused by, arise from or are related to any negligence, act, failure to act of or by Ports Victoria.
- 4.2. Ports Victoria will not be liable for, and the User shall indemnify Ports Victoria against, any loss or damage caused by or connected with:
 - 4.2.1. the provision or non-provision of the DUKC services; and
 - 4.2.2. any error or inaccuracy of the DUKC data, whether or not such error or inaccuracy was caused by the provision of erroneous or inaccurate data by any person whatsoever.
